Section 1: Instructions to Bidders

A. General

1. Scope of Bid

- 1.1 The PDE (Procuring and Disposing Entity), indicated in the Bid Data Sheet (BDS), invites bids for the provision of the Non-Consultancy Services as described in the BDS. The Instruction to Bidders (ITB) should be read in conjunction with the BDS. The subject and procurement reference number and number of lots in this bidding document are provided in the BDS.
- 1.2 Throughout this bidding document:
 - a. “Competent authority” means a government office which has the mandate to perform a specified function.
 - b. “In writing” means communicated in written form with proof of receipt.
 - c. If the context so requires, singular means plural and vice versa; and
 - d. “Day” means working day.
- 1.3 Procurement will be undertaken in compliance with the Public Procurement and Disposal of Public Assets Act, Cap 205 and Public Procurement and Disposal of Public Assets Regulations.
- 1.4 Where an electronic or digital version of the bidding document is issued by the PDE through the eGP System, the electronic or digital version of the bidding document is the original version. In the event of any discrepancy between the electronic or digital version and the printed hard copy, the electronic or digital version shall prevail. The bidding document issued through email and other forms with the exception of eGP shall be authenticated by the PDE.

2. Source of Funds

- 2.1 The PDE indicated in the BDS has an approved budget towards the cost of the procurement named in the BDS. The PDE intends to use these funds to place a contract for which this bidding document is issued.
- 2.2 Payments will be made directly by the PDE or other financing party and shall be subject to the terms and conditions of the resulting contract.

3. Corrupt and Fraudulent Practices

- 3.1 It is the Government of Uganda’s policy and the legal framework to require that PDEs, as well as Bidders and Providers, to observe the highest standards of ethics during procurement and the execution of contracts. In pursuit of the above:
 - a. The PPDA Act defines the following as:
 - i. “Corrupt practice” includes the offering, giving, receiving, or soliciting, of anything of value, to influence the action of a public official in the procurement process or in contract execution;
 - ii. “Fraudulent practice” includes misrepresentation of facts in order to influence a procurement or disposal process or the execution of a contract to the detriment of the PDE, and includes collusive practices among bidders prior to or after bid submission

Part 1. Section 1. Instructions to Bidders

designed to establish bid prices at artificial non-competitive levels and to deprive the PDE of the benefits of free and open competition;

- c. The PDE will reject a recommendation for award if the bidder recommended for award has engaged in corrupt or fraudulent practices; and
 - d. PPDA shall suspend a provider from engaging in any public procurement proceedings for a stated period of time in accordance with the PPDA Act Cap 205 and the Regulations made under the Act, if the provider has engaged in corrupt or fraudulent practices.
- 3.2 In pursuit of the policy defined in ITB Sub-Clause 3.1, the PDE may terminate a contract for non-consultancy services if it at any time determines that corrupt or fraudulent practices were engaged in by representatives of the PDE or of a bidder or provider during the procurement or the execution of that contract.
- 3.3 In further pursuit of the policy defined in ITB Sub-clause 3.1, the PPDA requires representatives of both the PDE and of Bidders and Providers to adhere to the relevant codes of ethical conduct. The Code of Ethical Conduct for Bidders and Providers as provided in the bidding forms shall be signed by the bidder and submitted together with the other bidding forms.
- 3.4 Any communication between a bidder and the PDE related to matters of alleged fraud or corruption must be made in writing and PDE copied to PPDA.

- 4.1 A bidder, and all parties constituting the bidder, shall meet the following criteria to be eligible to participate in public procurement:

- 4.9 All materials, equipment and services to be used in the performance of the contract shall have as their country of origin an eligible country in accordance with Section 5, Eligible Countries.

Part 1. Section 1. Instructions to Bidders

- 14.1 At any time prior to the deadline for submission of bids, the PDE may amend the bidding document by issuing an addendum.
- 14.2 Any addendum issued shall be part of the bidding document and shall be communicated in writing to all who have obtained the bidding document directly from the PDE.

In case of a bid security, such extension shall be undertaken by use of a bid securing declaration. substance of the bid shall be sought, offered, or permitted, except to reflect the price of a missing or non-conforming item or component., in accordance with ITB 35.

33.2 If a bidder does not provide clarifications of its bid by the date and time set in the PDE's request for clarification, its bid shall be rejected.

34. Compliance and Responsiveness of Bids

34.1 The PDE's determination of a bid's compliance and responsiveness is to be based on the contents of the bid itself and the findings recorded after a due diligence and/or post qualification if conducted.

34.2 A substantially compliant and responsive bid is one that conforms to all the terms, conditions, and specifications of the bidding document without material deviation, reservation, or omission. A material deviation, reservation, or omission is one that:

35. Nonconformities and Omissions

35.1 Provided that a bid is substantially compliant and responsive, the PDE may waive any non-conformity or omission in the bid that does not constitute a material deviation.

35.2 Provided that a bid is substantially compliant and responsive, the PDE may request that the bidder submit the necessary information or documentation, within a reasonable period of time, to rectify nonmaterial nonconformities or omissions in the bid related to documentation requirements. Such omission shall not be related to any aspect of the price of the bid. Failure of the bidder to comply with the request shall result in the rejection of its bid.

35.3 Provided that a bid is substantially compliant and responsive, the PDE shall rectify nonmaterial nonconformities or omissions. To this effect, the bid price shall be adjusted, for comparison purposes only, to reflect the price of the missing or non-conforming item or component. The cost of any missing items will be added to the bid price using the highest price from other bids submitted.

Part 1. Section 1. Instructions to Bidders

36. Preliminary Examination of Bids – Eligibility and Administrative Compliance

- 36.1 The PDE shall examine the legal documentation to establish the eligibility of the bidders and to verify the validity and authenticity of the documents submitted by the bidder.

- 36.3 The PDE shall confirm that the following administrative compliance documents and information have been provided in the bid. If any of these documents or information is missing or contrary to the requirements in the bidding document, the bid shall be rejected:

- 36.4 Eligibility and administrative compliance shall be determined on a pass or fail basis and a bid which is not eligible or administratively compliant shall be rejected at the preliminary stage of evaluation.

37. Detailed Evaluation

- 37.1 The PDE shall examine the technical aspects of the bid submitted in accordance with ITB 19, in particular, to confirm that all requirements of Section 6, SORs have been met without any material deviation, reservation or omission. The PDE shall only use the criteria and methodologies defined in this clause and in Section 3, Evaluation Methodology and Criteria. No other criteria or methodology shall be permitted.
- 37.2 The determination shall be based upon an examination of the documentary evidence of the bidder's qualifications submitted by the bidder, pursuant to ITB Clause 20, to clarifications in accordance with ITB Clause 33 and the qualification criteria indicated in Section 3, Evaluation Methodology and Criteria.
- 37.3 If, after the examination of the terms, conditions and requirements, the PDE determines that the bid is not substantially responsive in accordance with ITB Clause 34, it shall reject the bid.

39. Financial Comparison of Bids

- 39.1 The bids that are responsive to the requirement for detailed evaluation shall be financially examined and compared to determine the best evaluated bid.
- 39.2 To financially evaluate a bid, the PDE shall only use the criteria and methodologies defined in this Clause and in Section 3, Evaluation Methodology and Criteria. No other criteria or methodology shall be permitted.
- 39.3 To financially compare bids, the PDE shall:

 - e. Apply any margin of preference where applicable; and
 - f. Determine the total evaluated price of each bid.

40. Abnormally Low Bids

- 40.1 An abnormally low bid is one where the bid price, in combination with other elements of the bid, appears so low that it raises material concerns as to the capability of the bidder in regards to the bidder's ability to perform the contract for the offered bid price or that genuine competition between bidders is compromised.
- 40.2 In the event of identification of a potentially abnormally low bid, the PDE shall seek written clarifications from the bidder, including detailed price analyses of its bid price in relation to the subject matter of the contract, scope, proposed methodology, schedule, allocation of risks and responsibilities and any other requirements of the bid document.
- 40.3 After evaluation of the price analyses, in the event that the PDE determines that the bidder has failed to demonstrate its capability to perform the contract for the offered bid price, the PDE shall reject the bid.

41. Unbalanced and/or Front-loaded bids

- 41.1 The PDE shall for the lowest evaluated bid price consider a price that appears to:
- a. Be unbalanced;
 - b. Shows a misunderstanding of the requirements; or
 - c. Is intended to front load earnings.

Part 1. Section 1. Instructions to Bidders

- 41.2 If the bid, which results in the lowest evaluated bid price, is seriously unbalanced, shows a misunderstanding of the requirements or front loaded in the opinion of the PDE, the PDE may require the bidder to produce detailed price analyses for any or all items of the terms of reference, to demonstrate the internal consistency of those prices with the schedule proposed and any other requirements of the bid document.
- 41.3 After the evaluation of the information and detailed price analyses presented by the bidder, taking into consideration the schedule of estimated contract payments the PDE may as appropriate:
- Accept the bid; or
 - Require that the total amount of the Performance Security to be increased at the expense of the bidder to a level not exceeding a 30% of the contract price; or
 - Agree on a payment mode that eliminates the inherent risk of the PDE paying too much for undelivered works; or
 - Reject the bid.
- 41.4 The PDE reserves the right to accept or reject any alternative offer. Alternative offers and other factors which are in excess of the requirements of the bidding documents or otherwise result in unsolicited benefits for the PDE will not be taken into account in bid evaluation, unless otherwise specified in Section 3, Evaluation Methodology and Criteria.
- 41.5 The estimated effect of any price adjustment conditions under Clause 33 of the GCC during the period of implementation of the contract, will not be taken into account in bid evaluation, unless otherwise indicated in Section 3, Evaluation Methodology and Criteria.

42. Margin of Preference

- 42.1 Unless otherwise specified in the BDS, a margin of preference shall apply. Where a Margin of Preference applies, its application and detail shall be specified in Section 3, Evaluation Methodology and Criteria.
- 42.2 For the purpose of granting a margin of preference, bids will be classified in one of three groups, as follows:

 - The relevant company forms or its equivalent indicating the shareholding percentages.

43. Post-qualification Evaluation.

- 43.1 The PDE shall determine to its satisfaction whether the bidder that is selected as having submitted the best evaluated bid is qualified to perform the contract satisfactorily.
- 43.3 An affirmative determination shall be a prerequisite for award of the contract to the bidder. A negative determination shall result in disqualification of the bid, in which event the PDE shall proceed to the next best evaluated bid to make a similar determination of that bidder's capabilities to perform satisfactorily.
- 43.4 Post-qualification shall be conducted in accordance to the PPDA Act, Cap 205 but pre-qualification information shall be verified.

44. Determination of Best Evaluated Bid

The best evaluated bid shall be the lowest priced bid which is eligible, administratively and technically compliant to the requirements specified in the bidding document.

An award shall be confirmed by the written contract signed by both the bidder and the PDE.

Part 1. Section 1. Instructions to Bidders

48. Effectiveness of Contract

- 48.1 Failure by the successful bidder to promptly sign the contract shall constitute sufficient ground for annulment of the contract award decision and forfeiture of the Bid Security or execution of the Bid Securing Declaration. In that event, the PDE may award the contract to the next best ranked bidder whose bid was evaluated at the financial comparison stage provided it is still valid.
- 48.2 Effectiveness of the contract shall be subject to submission of a satisfactory Performance Security where applicable and any other conditions specified in the contract.
- 48.3 A contract shall not be entered into by an Accounting Officer with a bidder during the period of administrative review as provided for under the PPDA Act, Cap 205.

- 50.2 Failure of the successful bidder to submit the above-mentioned Performance Security and if required in the BDS, the environmental and Social (ES) Performance Security, shall constitute sufficient ground for annulment of the contract award decision. In this case, the successful bidder's Bid Security shall be forfeited or the conditions of the Bid Securing Declaration shall be executed. In that event, the PDE may award the contract to the next best ranked evaluated bidder whose bid was evaluated at the financial comparison stage provided it is still valid.
- 50.3 Where a provider is required to provide a performance security or Performance Securing Declaration, a Bid Security or Bid Bond from that provider shall not be released until a satisfactory performance security is received and verified by the PDE.
